

Lite Track TENT SYSTEM

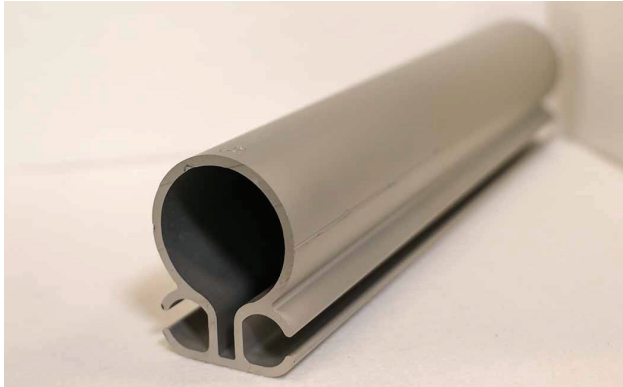

The Lite Track tent frame is ideal for high-wind, semi-permanent installations or when you want peace of mind knowing that your tent system will stand up to unexpected weather.

RAINIER TENT

LITE TRACK TENT SYSTEM

The Lite Track tent style features a strong 2" tube system. This tent system provides a cost effective upgrade to this improved technology for existing 2" lite track tent frame.

LITE TRACK TENT TUBE

The Lite Track tent system features common tube lengths that are used in a variety of tent sizes, configurations, and positions, simplifying parts management and minimizing your investment as your needs evolve.

LITE DUTY TENT DOORS

Lite Duty Doors offer quick, one-person installation and come in double or single door configurations. The Lite Duty doors system complies with fire codes and features white, powder coated steel tubes.

BAYTEX TENT LINERS

Baytex's Tent Liners are precisely designed and manufactured to fit and hang perfectly. Available in a variety of styles, colors, and materials, Baytex Tent Liners transform any event from ordinary to spectacular.
